Appointment

Book a teledermatology appointment and be seen **within 14 days** in your local AllView Healthcare clinic.

Teledermatology Consultation

A series of **microscopic and macroscopic images** will be taken of your skin complaint using state-of-the-art technology in a nurse-led AllView Healthcare clinic.

Diagnosis

Have your condition **diagnosed remotely** by an Irish registered consultant dermatologist.

We will send you a digital copy of your results which you can keep for your records.

Results

Receive communication from a registered GP or nurse with the **results and a treatment plan**.

Where a **prescription** is required, one of our GPs will send this to your preferred pharmacy.

A Follow-Up Consultation

Where a surgical procedure/face-to-face consultation with a consultant dermatologist is recommended, you will automatically be **referred to the most specialised consultant or hospital department for the procedure**, depending on your skin condition.
